

Dear FCC,

As a registered voter in Baltimore MD, I am writing to raise a question about the license renewal application of WB54 and WB 45 in Baktimore MD.

As you may konw, they are currently scheduled to air a highly partisan "special" against Kerry shortly before the election. I believe that the FCC should do what is in its power to discourage this type of inflammatory and divisive politics, especially so shortly before the election.

Secondly, I am very disturbed that two of my local stations are controlled by a media conglomerate to the extent that they are being coerced into airing this partisam programing along with other stations in this network.

If these two stations do in fact air this program, I must insist that you deny their renewal applications. I realize that this is a very serious step, and not one that the FCC would take lightly, but it is a matter of great importance to me and many others in my community.

Sincerely,  
Tim Baker
